UK '660 teaches insertion of the pick-up head between the female  
die and the counter-die, as clearly shown in Figures 7-11 and 13.

Moreover, it would have been obvious to substitute a single set of  
male-female dies for the plural sets of female dies cooperating with a single set  
of male dies, as shown in Figures 14-23, since such were equivalent die means.

(A fuller description, if necessary, and a copy of the amendments, if available, which the examiner agreed would render the claims allowable must be attached. Also, where no copy of the amendments which would render the claims allowable is available, a summary thereof must be attached.)
